PUB. DOC.—Hon. J. J. Davis has placed us under obligations for a bound copy of census tables.

TRAIN DELAYED.—The Cumberland Accommodation train was two hours late, last evening, having been delayed by the heavy fall of snow in the mountains.

NOT THE MAN.—We are requested to say that the John Cline who was before the police court, Saturday morning, was not the John Cline of North Wheeling—a worthy and industrious citizen.

PERSONAL.—We had a pleasant call last evening from Mr. J. B. Merrill, formerly of the Kanawha Republic. Mr. M. reached the city, yesterday afternoon on the Andes, and will remain here a few days.

LIT.—We regret to hear that Deputy Sergeant Conant, is confined to his residence by serious illness. His physician pronounces the disease typhoid fever, and is doing everything that medical skill can suggest to arrest its progress.

LARGE FUNERAL.—The largest funeral procession we have seen in this city for years was that which followed the remains of the late Andrew Glass to their last resting place, yesterday. The long train of vehicles filled with mourners and sympathizing friends showed how highly the deceased was esteemed and how widely felt the sorrow over his sudden demise. The interment took place at Greenwood.

COLD.—We think the temperature here abouts, yesterday, would have pleased the veriest Esquimaux in the Arctic regions. The change was great and sudden. Sunday was a bright, pleasant day; yesterday, about as different as day is from night. It will require but a few such days as yesterday to close navigation.

CLOSED.—Sunday night's and yesterday's cold did the business for the creek, and it is now as completely closed as it was during the former "cold snap." There is a young America greatly rejoices, doubtless, and skates are being brightened, straps and buckles put in good order, in anticipation of the grand sport in the near future to be enjoyed in curvetting over its surface on "glistening steel."

U. S. DISTRICT COURT.—This Court met yesterday morning at 10 o'clock, Judge Jackson on the bench.

The case, *Hampden v. The City of Wheeling*, was called, and the parties expressing themselves as ready for trial, an attempt was made to empanel a jury. (It will be remembered that this is an action brought by plaintiff to recover the square of ground on which the Hempfield depot was located, and several lots adjoining on the north, donated by the defendant to the *Hempfield R. R. Co.*, and it was agreed that the jurors should be selected from persons residing outside the city.) Not a sufficient number of those summoned being present to constitute a jury, an adjournment was taken until 2 P. M., when the Court re-assembled and the panel was filed. Some progress was made in the trial during the afternoon.

Adjourned until 10 o'clock this morning. (We were told that the sessions will hereafter be held in the County Court House.)

POLICE COURT.—The attendance at yesterday morning's session of the Police Court was large, and the docket was quite a heavy one, but the city treasury was not replenished to any considerable extent, as the following will show:

John Ball, charged with tumult and disorder, dismissed at the costs of the city; George McMillen, disorderly conduct, one dollar and costs; Molly Mitta, disorderly, (continued from Saturday), continued again until this morning; same, keeping a house of ill-fame, continued until this morning; Maggie Hines, disorderly, (continued from Saturday), continued until this morning. (The last named party took advantage of the continuance granted Saturday, and left for Pittsburgh, it is said. The city will probably not be troubled with her for sometime.)

The cases continued for the second time yesterday morning, will be heard this morning, as the "absent without leave" cannot avail forever. There is a limit to the patience of His Honor.

CITY COUNCIL.—The City Fathers meet in regular session to-night. It is hoped the members will be in their seats promptly as there is a large amount of business to be transacted, and a great many persons are interested in having it speedily disposed of. The men who have been laboring on the streets and elsewhere for the city, should be paid at once, especially since some of them are dependent on the money thus earned for the support of themselves and families. Let Council assemble at the prescribed hour, (7 o'clock), give its attention closely to business, and 9 o'clock will find the tables clear and everybody (except the reporters) ready to go home and go to bed.

FOR CINCINNATI.—The splendid passenger packet, *Andes*, Captain Charles Muhlenberg, arrived yesterday afternoon from Cincinnati, and will leave on her return trip to-day at 3 P. M. The *Andes* is one of the finest steamers navigating the Upper Ohio, and is in charge of officers who are thoroughly posted in their duties. If you want to make a pleasant trip to the Queen City at this inclement season, you have an opportunity. Go on board this morning and secure your state-rooms.

BRACKEN KILLED.—Yesterday, a brakeman on the transfer train between Belaire and Benwood, was run over and instantly killed. The unfortunate man (we could not ascertain his name) was in some way knocked off the car on which he was engaged in the discharge of his duty, and falling directly across the rail, the wheels passed over his breast. Death was the result, as stated above. The deceased leaves a wife, to whom he had been married but a few months.

ALL IN OPERATION.—The mills in this city were all running yesterday, except the *Labelle*, at which operations were suspended out of respect to the memory of the late Andrew Glass, who was one of the owners. Having passed through the epizootic visitation it is hoped nothing further will occur to interfere with the operation of our great industrial establishments.
